Sodas

I don't think there is a question about the venue, but it was just great - made for a pleasant evening

I passed on the appetizers; the red wine was good.

How satisfied were you with the plated dinner service?

Far superior to Black Forest Inn

Service was great but the chicken breast was dry and tough and the apple crisp needed a lot more apples and a lot less sugar.

The meat quality of the sauerbraten was like that of a fine prime rib.

Glad to be there. Food was less important

Sauerbraten was not as sour is typical and potato dumplings should be served instead of potatoes

How satisfied were you with the first half (the non-musical section) of the program - i.e., socializing/reception, introductory remarks by Mike Ruppert, remarks by Dr David Cline, and the Annual Business Meeting?

Both the first half and the second half seemed just right - not too long and not too short - it left a good amount of time for visiting over dinner

Not all speakers are gifted orators but the enthusiasm for Wagner was catching and enjoyable.

David Cline's linking of Hans Sacks and King Mark was new, illuminating, and brilliant.

Dr C segment good but long. MR..well presented

Dr. Cline's reading was somewhat long

How satisfied were you with the second half of the program - i.e., the musical performance?

It was terrific given the circumstances. Would like the text printed out and readily available to read along. Also very much liked hearing the connection to Chopin and Strauss. Our friends also welcomed this little Wagner diversion/expansion and it might be a roadmap to greater attendance..

The soprano was more a Strauss voice than a Wagner one. The pianist displayed wonderful coloration in his playing.

I enjoyed the variety of music selection

I had a lovely time. Wood was good, music was wonderful, it was a pleasure to see everybody again after this difficult year.

Thank you for your good work
